Hope Wastes Time on
Petitions While Other
Cities Put Up Money

All war plants are temporary, whether an ammunition proving ground such as Hope once had and which some promoters would like to see rebuilt, or the so-called "permanent" depots. If you don't believe me ask some friends in Texarkana.

In recent years Texarkana's two war plants, Lone Star and Red River, have been going full blast. But Red River has had two cuts in personnel this spring — and a damaging cloud of doubt hangs over the business community of Texarkana.

The recent employment for Lone Star and Red River was 16,000. At four to a family that would mean the equivalent of a city of 64,000 depending on temporary war plants for its bread and butter. Of course 64,000 is larger than the total population of Texarkana; but the explanation is obvious — the Lone Star and Red River personnel are drawn from a wide area in southwest Arkansas and northeast Texas.

So the headache is not Texarkana's exclusively, by any means, as the employment pattern declines in a business that is good only when the country has to endure the visitation of war. No sane person can possibly expect this sort of thing as the foundation on which to build up our section of America.

Nevertheless I understand petitions are circulating in Hope looking for popular support of a plan to ask the federal government to build another proving ground here — although the government once built such a plant for us at a cost of 13½ million dollars, ran it only four years in the extreme emergency of a world war, and then dismantled it and sold the land back to private owners.

The circulators of those petitions have had due notice where this newspaper stands on the question of bartering off 50,000 acres of farmland again for a lousy, temporary war plant — we'll fight it through every political and legal channel in the land.

Farmland is an asset, regardless what the sidewalk cynics of the city say; and war plants are a liability, as we know from the history of our own town.

Why speculate on new trouble with a temporary war plant when we are just now getting over the headache of the last one?

Hope needs new industry. But war plants are not industry.

The right road for us would be to set up an industrial fund and go after living, permanent private industry — whose plants have been moving into other cities of the South while we stand around dreaming about a tax handout.

This we can and should do. The fund might be a composite of investments furnished jointly by private subscribers and the City of Hope. In Mississippi and several other states city governments have been authorized to make tax-exempt inducements to new factories to persuade them to locate in or near their corporate limits — a program which has been so successful it has New England and some of the other older industrial areas screaming.

We had a constitutional amendment before the state's voters last November which would have given all Arkansas cities the authority to make industrial grants, but the measure was beaten because Little Rock already had such authority under a previous amendment and decided to keep other towns from enjoying the same privilege.

We went down fighting on that issue last November, but that doesn't mean we should quit — or that we should humiliate ourselves by looking to federal tax grants at a time when other cities are trying to earn their daily bread.

Hope has done virtually nothing so far toward establishing a major industrial promotion fund.

Petitions? Sure. Petitions are cheap. They don't cost a thing, and they aren't worth any more than they cost.

I'm telling you.

Rodeo to Be Held Here May 28-30

A Rodeo sponsored by the Hope Roundup Club will be in the Coliseum three nights, May 28-29-30, it was announced today.

The rodeo is produced by a Tom Oklahoma outfit. Tickets are now on sale by Roundup club members.

Mrs. C. W. Hamilton of Emmet, Dies at Age of 83

Mrs. C. W. Hamilton, aged 83, a resident of Emmet, died at her home Tuesday. She was a lifelong resident of Nevada County.

Survivors include three sons, Sam of Crane, Texas, Hinton of Abilene, Texas and Jeff Hamilton of Emmet, three daughters, Mrs. George Andrews of Sutton, Mrs. C. W. Erwin of Little Rock and Mrs. W. C. Britt of Baytown, Texas and a sister, Mrs. J. W. Martin of Laneburg.

Funeral services were to be held today at Harmony Cemetery.

Open Break Between AFL, Ike Probable

By NORMAN WALKER

WASHINGTON (AP) — The American Federation of Labor seems headed for an open break with the Eisenhower administration and may move in that direction at a strategy meeting opening today.

The AFL's powerful 15-member Executive Council gathered amid considerable grumbling over the way things are going under the Republican regime.

Besides considering politics and pending legislation in Congress, including moves to change the Taft-Hartley labor law, the council was expected to decide what to do about its crime-tainted member union, the International Longshoremen's Association (ILA).

Three months ago the AFL council ordered the ILA to purge itself of criminals, as turned up in New York Crime Commission probes, and to end the abuse-laden "shape-up" hiring system, under which dock workers are hired each day. The ILA has promised to change the hiring method but has balked at ousting leaders.

UN Troops Mow Down 200 Chinese

SEOUL (AP) — U. N. infantrymen fighting with knives, bayonets, grenades and rifle bullets today chopped down more than 200 of 300 Red soldiers who battered their way into an Allied outpost in Western Korea.

An Eighth Army briefing officer said 45 Chinese were killed, 33 probably were killed and about 130 were wounded in the bitter 25-minute battle for Outpost Yoke at the base of T-Bone Hill.

U. S. Sabre jets scoured North-west Korea without finding a Communist MIG.

Allied fighter-bombers struck at Communist supply areas across the narrow waist of North Korea, destroying buildings, supply dumps and trucks and cratering roads and railways.

Unprecedented Air Feats Disclosed

FT. WORTH Tex. (AP) The Air Force today disclosed:

1. The first jet airplane flight over the North Pole.

2. The first nonstop flight of six jet B-47 bombers across the Atlantic. Two B-47s flew to Fairford, England, from Limestone, Me., in five hours and 38 minutes, April 7. They returned to the United States two weeks later.

3. The breaking of all distance and endurance records for jet airplanes — by a B-47 which, refueled in mid-air, last year flew nonstop slightly more than 12,000 miles.

The latter flight was over the southern and western parts of the United States. The airplane operated out of, and returned to, Edwards Air Force Base, Calif.

The unprecedented flights were made public at a convention of aviation writers.

The famous schooner yacht, America, first winner of the America's Cup, was planked largely with teal.

American Men Have the Name for Being the Best Husbands But the Poorest Lovers

By HAL BOYLE

NEW YORK (AP) — American men are getting a name for being the world's best husbands — and among the world's poorest lovers.

This ugly rumor is based on a theory that the average European male understands a woman's heart, and an American doesn't. But more and more American wives are accepting it as true.

Well, girls, it just is not so. I isn't likely that anywhere on the freckled earth you'll find a man who knows you as well, appreciates you more, or will love you better than here in the home of the hen-pecked hubby.

"We have overemphasized this belief that Americans men are not good lovers, and their wives are all frustrated," said Renzo Cesana, who woos and sometimes woos the ladies in his television and radio role, "The Continental."

Renzo, a six-foot, sophisticated

Texarkana May 20 — The management of Texarkana's new television station, KCMC-TV, announced today that the station, which is scheduled to go on the air July 15, has become a primary interest of the broadcasting system's television network.

This means that KCMC-TV will be on the coastal cable and will receive simultaneously telecasts of programs and events as they occur.

"CBS has ordered our interconnection and it is now up to the telephone company as to how soon it can manufacture and install the necessary equipment to link us to the cable," a statement from the management said.

"During the interim between the date the station goes on the air and the date of linking with the cable, the station will be on the CBS network by film, which will be a delayed broadcast of programs and events."

"This announcement means that Texarkana, the four states area and the Shreveport area, soon will be enjoying the nation's top-rated television entertainment." The management's statement continued.

"This will be an exclusive CBS television outlet for this region. The CBS will make available to the station such widely publicized programs as 'I Love Lucy,' 'Burns and Allen,' 'Red Buttons,' 'What's My Line,' 'Arthur Godfrey,' 'My Friend Irma,' 'Mr. and Mrs. North,' 'Life with Luigi,' 'The Web,' 'Jackie Gleason,' 'Candy Carnival,' 'Fred Waring,' 'Omnibus,' 'Bride and Groom,' 'Garry Moore Show,' 'Toast of the Town,' 'Ken Murray Show,' and many other top favorites of drama, comedy, music, news, sports, education, and religion."

"When KCMC-TV goes on the air on or about July 15, barring unforeseen delay in completing construction and installation of equipment, those who have television sets installed will be looking at the product of one of the finest television stations in the southwest."

Frank Myers, manager of the station, said, "Operating in Channel Six, we will begin telecasting with a power of 28,200 watts with provisions made to increase to a maximum allowed power of 100,000 watts."

Myers said the new TV-Radio center on the Summerhill road is rapidly nearing completion and electronic and television engineers will begin installing the equipment soon.

The new plant includes a large studio with four stages and plenty of floor space for directors, camera men and other production personnel. An announcer's room overlooks the main studio.

The telecast room will be complete with the latest film equipment, including two huge eastman projectors, C. E. Camera, Telop and a film editing department. The view room will afford comfortable spectator space for guests.

The transmitter room will house the giant TV transmitter along with control equipment. A large property room will house scenery and other equipment used in the production studios. Offices will be provided for executives and personnel.

The building will be completely air conditioned for the comfort of the staff of 25 persons, the entertainers and studio guests. A training program for the staff has been under way for several months, requiring much travel and study.

Fire Damages Auto Wiring

An auto was slightly damaged by fire yesterday near Rettig-Nash Motor Co., on Third Street. A short in the wiring was blamed by the Fire Department. The auto was owned by Earl White.

Oppose Any Foreign Aid Fund Slash

WASHINGTON (AP) — Two Democratic senators said today they would fight vigorously any attempts to cut the Eisenhower administration's \$5,800,000,000 foreign aid program for next year.

The senators, Humphrey of Minnesota and Sparkman of Alabama, both serve on the foreign relations committee, which has virtually completed its hearings on the measure to authorize the mutual assistance program for the next fiscal year starting July 1.

Humphrey predicted in an interview that all seven Democrats on the committee would support the bill.

Ike Leaves Doubt on Big Three Meet

By JACK BELL

FASHINGTON (AP) — President Eisenhower's assertion that there is no reason to hope the Soviets have changed their aim of destroying freedom left some doubt today he would accept any Russian bid for a Big Three meeting.

London sources said British Prime Minister Churchill has been in informal touch with the Kremlin with the idea of arranging such a meeting. These informants said the Russians may respond with an invitation for a conference from Moscow.

The State Department press office said yesterday it had no knowledge of any such informal contact by Churchill with the Soviet Government. Officials also said the U. S. is not particularly interested in a meeting that would include only the U. S., Russia and Britain — implying that France and possibly other nations should be represented. Similar feeling was expressed by Sen. Humphrey (D-Minn.).

Colorado's Acreage Colorado has a total area of 89,538,880 acres of which 2,136,754 are irrigated, 5,876,000 are dry farmed and about 50,000,000 are grazing lands.

Animals Shaking Off Effects of a 4-Day Binge

DETROIT (AP) — Members of Belle Isle's usually peaceful animal herd today gradually shook off the effects of a four-day binge induced by the dumping of 300 pounds of whisky wash into a lake on the playground island.

John Jettke, of the parks and recreation department's forestry division, said deer, squirrels and birds, were starting to come back to the lake.

The animals left the lake area in a somewhat woozy condition. Jettke said the squirrels were the first to discover the wash — dumped by some unknown moonshiners. The furry animals lapped up the spiced lake water and began staggering around — some fell trying to climb trees, others just passed out to the lake edge.

"Every now and then some black birds would dive towards the lake, drive off the squirrels, and get a quick drink and then flap clumsily away," Jettke said.

"Why the stuff was so potent," he said, "two bucks of the island deer herd began fighting over it."

Sulfa Drugs Prolong the Common Cold

CHICAGO (UP) — Two doctors reported today that sulfa drugs and antibiotics apparently prolong the common cold.

Drs. Howard S. Traisman and L. Martin Hardy presented to the Illinois State Medical Society a report on studies they made at Children's Memorial Hospital here.

They studied 150 cases in what is believed to be the first well-controlled study of the subject yet made.

The study showed that the indiscriminate use of the new drugs in children is futile in the usual cold, and may be harmful if the symptoms really are those of a serious disease.

The patients were divided into four groups. One, numbering 55 children were given the standard treatment. They were put to bed, kept warm and given fluids and aspirin.

The second group of 37 patients received the same treatment plus aspirin.

250 Take TB X-Rays Opening Days of Tour

At McCaskill Tuesday morning the mobile x-ray unit of the Arkansas State Board of Health began a four-day tour of the county sponsored by the Hempstead County TB Association.

Forty-five received free chest x-rays at McCaskill. Volunteer workers were Mrs. Chester McCaskill and Mrs. J. O. Harris.

The unit located at Blevins on Tuesday afternoon and made 200 x-rays. The clinic was operated by Mrs. W. D. Gorham, Mrs. J. V. Hampton, Mrs. Joe Hunter, and Mrs. Ralph Boyce.

The clinic will continue at Washington and Fulton on Wednesday, Thursday and Friday from 10 a. m. to 1 p. m. and 2 p. m. to 5 p. m. The unit will be in Hope near the Saenger theater. All persons in the county fourteen years of age and over are most cordially invited to have a free chest x-ray. It will take only a few moments of time as an x-ray can be made in less than thirty seconds.

If everyone would have a chest x-ray each year, TB would be well on the way out in our country.

Battle Casualties Continued Climb

WASHINGTON (UP) — American battle casualties in Korea now total 135,155, an increase of 197 over last week's report, the Defense Department announced today.

The overall casualties include 24,063 dead, 98,208 wounded in action, 8,987 missing, 2,377 captured, and 1,542 previously missing but since returned to military control.

Second Polish Pilot Crashes Iron Curtain

ROSENNE, Bornholm, Denmark (AP) — Another Polish pilot crashed through the Iron Curtain today to lead a Soviet-built MIG-15 jet fighter on this Danish island 100 miles southwest of Copenhagen.

Rescue police, who immediately took the young pilot into custody, said he had asked for political asylum. The plane was surrounded immediately by military guards with strict orders to keep reporters and press photographers away.

An unconfirmed report said the plane was of a newer type than the one landed on this Baltic island in March by Lt. Franciszek Jurecki the first Polish Air Force escapee to Bornholm.

Jurecki's plane was later returned to Poland after a thorough examination by Western air experts. Jurecki was granted asylum and since has gone to the United States.

An official announcement said the pilot today told police he broke away from a formation of MIG fighters flying over Polish territory.

Council Turns Down Claim for \$8,193

Hope City Council last night refused a claim of \$8,193 by Mrs. Claude Whitehurst for alleged personal injury suffered in an accident involving a City Police patrol car on March 15, 1951.

Mrs. Whitehurst told the group that the injury included a series of doctor bills and operations over the two-year period. She alleged that the trouble arose from a broken leg suffered when a police car which she was about to enter, suddenly started forward, throwing her to the pavement.

After the matter was fully discussed the council voted to turn down the claim for \$8,193.

In other action the group decided to meet on May 26, no over bids for Water and Light Plant construction and meet again that night for the purpose of awarding the contracts; agreed to take a monthly average and refund W. H. Gunter some money for an excessive electrical bill; voted to have the city blacktop state highways as well as local streets when cut for plumbing purposes;

Accepted an Arkansas Louisiana Gas Company bid to furnish gas to barbecue pits at Fair park for approximately \$10 to \$15 per season; agreed to pay C. O. Thomas \$30 for making a map of the Proving Ground Airport; rescinded a recommendation made September 16, 1952 to vacations being given to city workers without additional cost to the city; decided to have the front of the police station repainted and heard a request but took no action by Doyle Reeves for parking space in front of his store.

Hope Students in Recital at Henderson

Arkadelphia — Two outstanding senior music students from Hope will present a joint graduation recital at Henderson State Teachers College here Friday night at 8 o'clock. They are Ted Jones, back-tenor, and Darrell Crank, pianist.

Both were graduated from Hope High School in May, 1949.

Jones, son of Mr. and Mrs. T. E. Jones, who now live in Dallas, has appeared in numerous leading roles in Henderson musical and dramatic productions. He has also appeared in the chorus of Terrell's Music Circus at the Texas State Fair and in other summer musicals at Dallas.

Last year he appeared there in the singing chorus of "Tree Grows in Brooklyn," "Student Prince" and "Call Me Madam."

At the State Fair, he was in the chorus of "Show Boat."

He was winner of the state male vocalist auditions, sponsored by the American Federation of Music Clubs, last February.

Crank, son of Mr. and Mrs. Floyd Crank, is a Henderson band scholarship student. He has been a member of the Reddie Band and the Collegians, dance band, through out his four years at HSTC. He has also been a member of the Collegiate Choir since 1951.

All Around the Town

By The Star Staff

From a Korean airbase comes a report that Captain Paul W. McCormack of Hope, Rt. 1, and his assistant saved the taxpayers of America thousands of dollars by reclaiming material and selling trash and kindling wood for a total profit of \$26,886 . . . our hats are off to the pair . . . in fact its the only time we have ever heard of anyone connected with the government trying to save taxpayers anything . . . wouldn't it be wonderful if the word spending had never reached the Pentagon brass?

Girls State is scheduled for June 6-13 at Camp Robinson, Little Rock with outstanding young ladies from schools all over Arkansas gathering to study and practice good citizenship . . . Hope will be represented by Carolyn Sue Coffee, 18, daughter of Mr. and Mrs. Clyde Coffee and Bennie Jean Edmiston, 16, daughter of Mrs. Ben Edmiston.

Four Hempstead Counties are among the 63 candidates for delegates at Henderson State Teachers

British Ships Transport Red Troops, Trade With Chinese, Group Is Told

Angry Probers Call on Ike to Take a Hand

WASHINGTON (AP) — Investigative senators called today for a statement from President Eisenhower himself on allied nations' trade with Red China, after hearing testimony that two British-owned vessels transported Red Chinese troops along the China coast last year.

"The testimony came from Robert Kennedy at a public hearing before the Senate Investigations subcommittee of which he is an assistant counsel. It drew angry comment from some of the senators present."

Sen. McCarthy (R-Wis.), the committee chairman, said he would have a letter to Eisenhower drawn up this afternoon.

In the swiftly-moving hearing Kennedy testified that:

1. Western allies' trade with Red China has shown "tremendous" increases, and that 100 ships flying the British flag have engaged in the China trade in the first three and a half months of this year.

2. Every country among the U. S. Allies has hauled at least one cargo to the Reds, containing items which Washington considers to be "strategic" but which the Allied Powers contended were non-strategic.

3. The Defense Department has refused to name either the disputed commodities he mentioned in point 2 or the ships which carried them, on grounds that this is "classified" information.

Kennedy said the British ships continued on Page Two

Fifth Grades Visit Old Homes, Sites at Washington

Culminating activity of the Arkansas History unit was an annual pilgrimage to Washington, the Civil War Capitol of Arkansas, on Friday by fifth graders from the four Hope elementary schools.

Opened to the group were homes of W. H. Elder, where hostesses were Mrs. Elder, Mrs. Charlene Moss Williams, and Miss Kathleen Johnson, and the Trimble home where Mrs. Wilson, Mrs. Butler and Miss Bessie Trimble were hostesses.

Miss Mary Margaret Haynes, Washington teacher, was guide and lecturer. Points of interest visited were the site of James Black's shop where the Bowie knife was made, the Civil War State Capitol, and the big magnolia tree, which Robert Hiley once called the largest in the world.

Lunch was enjoyed on the grounds of the Baptist Church, another stop rich in early Arkansas history. In behalf of the fifth graders, Denver Dickinson presented Miss Haynes a gift.

College exercises Sunday . . . they are Lawrence A. Abbrington and Malcolm Darrell Crank of Hope, Jo Ann Carrigan of Washington and Mrs. Ethel Bruce Glenn of Blevins . . . Abbrington and Mrs. Glenn will get degrees of bachelor of science in education, Crank, bachelor of music and Miss Carrigan bachelor of arts.

Scraps: Although 32 persons met death on Arkansas Highways in April of the ten accidents investigated in Hempstead none resulted in fatalities . . . The Legion Auxiliary is very happy over the \$285.78 netted through its Poppy Sales last weekend . . . and a report that Bob Shivers was going to run his prize horse, "Fireball," through the ring at yesterday's sale proved to be false . . . its a pleasure indeed to report no rain within the past 24 hours after more than an inch a day for the past eight days . . . the Experiment Station records from May 11 to May 8 show a total of 8.75 inches with 3.35 inches in a single day.

Some dolls yell "Mama" when squeezed. Others sleep in a baby's face.

News Briefs

SEOUL (AP) — The U. S. Air Force today reported 692 Russian built MIG 15 jet fighters have been destroyed in the Korean War.

All but 17 were credited to Sabre jets.

BATON ROUGE, La. (AP) — The Red River Valley Association has asked Congress for additional funds to stabilize Red River banks in Louisiana, Texas and Arkansas. Attorney W. Crosby Pegues said today.

1. — ROCK (AP) — Arkansas smokers who buy their cigarettes from out-of-state firms will be watched closely to see that they pay the state cigarette tax.

Revenue Commissioner Horace E. Thompson said yesterday that plans are being laid to crack down on tax-evaders.

PUSAN, Korea (AP) — The U. N. Prisoner of War Command today reported incidents in which one POW was killed and two civilian prisoners were wounded.

At Kojo Island, south of Pusan, two North Koreans failed to bail as ordered by a guard. One was fatally shot.

At Bongam Island, an eighth work detail of anti-Communists, 11th was stopped Sunday by an other work detail of anti-Communists.

stop on orders, and ignored two warning shots fired over their heads. Guards then fired on them and two were wounded, one seriously.

HOT SPRINGS (AP) — Lester Parker of Middleton Springs, Ark., who is on a free vacation in Arkansas with his family, today got his chance at Arkansas fish.

Parker and his family are making a 1,000-mile, 2-week tour of Arkansas as guests of the State Resources and Development Commission.

The Vermont farmer, his wife Mary, and 10-year-old daughter Jacqueline, arrived here yesterday on the first leg of their trip.

They were "lured and impressed by the 'blissness' of Arkansas and 'the friendliness of its people' last night."

The Parkers were taken to Majestic Hotel suite, loaded down with flowers — orchids for Mrs. and Jacqueline — fruits, and other delicacies.

LOS ANGELES, Cal. (AP) — A jury trying Richard La Force, 18, charged he attempted to poison his husband of the girl he loved, resumes deliberations today.

The panel was locked up last night after four hours of consideration.

INVERNESS, N.S. — One of the Siamese twins born to a 10-year-old Canadian girl here yesterday was reported "not going so well," today.

Dr. Ronald Ritchie, called from Children's Hospital at Halifax, said the smaller of Mr. and Mrs. Max Wyras two sons "seems a bit distressed."

HOT SPRINGS (AP) — The rolling Arkansas Federation of Labor Convention was expected to handle another hot potato today, when it takes up a dispute over seating delegates from an El Dorado union.

This will be the second day over recognition of delegates since the convention opened here Monday.

Yesterday, a spat over seating 26 delegates of Operating Engineers Local 362 was settled when E. W. Wilkerson withdrew his demand for recognition.

The Kohlor diamond is about 6 carats.

SOCIETY

Phone 7-9881 Between 8 A. M. and 4 P. M.

Calendar

Thursday, May 21
Mrs. R. L. Gossnell will present her Junior high and senior high school pupils in a piano recital at 7:30 p.m. at the high school auditorium. The public is invited.

Friday, May 22
The Fulton Rose Garden Club will meet at 1 o'clock at the Fulton Rose Garden. A picnic will be held at 2 p.m. Each member is requested to bring an appetizer. A possible and funds for the garden.

Friday, May 22
The Fulton Rose Garden Club will meet at 1 o'clock at the Fulton Rose Garden. A picnic will be held at 2 p.m. Each member is requested to bring an appetizer. A possible and funds for the garden.

Club will be held at the First Methodist Church on Thursday at 4 p.m.

Arizona Garden Club will meet Thursday, May 21, at 7 p.m. in the home of Mrs. Sid Rogers, 300 W. Washington, with Mrs. A. L. Park as co-hostess.

The Club Scout Leaders Council will meet at 7:30 Thursday at the home of A. B. Tollett, 1312 South Main.

The Hope Country Club will have Stag Night Thursday night, May 21, at 8 o'clock. Hosts are Galen Hobbs, Homer Beyerley, and J. W. Smith.

Friday, May 22
Mrs. Bess Evans will present her piano pupils in a recital in the High School Auditorium on May 22 at 7:45 p.m.

Monday, May 25
The American Legion Auxiliary's meeting which was scheduled for May 18 will be held Monday, May 25.

WCSB Circle 6 of the First Methodist Church will meet Monday, May 25, at 7:30 p.m. in the home of Mrs. George Murphy, Houston Road, with Mrs. Howard Byers and Mrs. Syd McMath as co-hostesses. Mrs. Virgil Keely will give the devotion and the pledge service will be given by Mrs. James McLarty, Jr., and Mrs. Denver Dickinson. A full attendance is urged for this meeting as four of the circle members will be awarded Life Memberships in the Woman's Society of Christian Service.

Tuesday, May 26
Mrs. R. L. Gossnell will present her elementary school pupils in a piano recital Thursday evening, May 26, at 8 o'clock in the high school auditorium. The public is invited.

Winters Junior Garden Club Elects Officers

The Winters Junior Garden Club met Friday afternoon in the Palmy School Auditorium with their leader, Mrs. J. W. Perkins.

Denver Dickinson, president, presided. The vice-president, John Graves, led the group in repeating the club pledge. Linda Rogers directed the singing after which the secretary, Patricia Holt, read the minutes.

The club elected the following new officers for the coming year: President, Jo Ann Davis; vice-president, Pam Aslin; secretary, Betty Hord; reporter, Carolyn Yarbrough; librarian, Carol McKee.

Mrs. Perkins conducted a "Guess the Flower" contest and then discussed many interesting and useful insects.

Annie Hoover Circle Has Meeting May 18
The Annie Hoover Circle of the First Baptist Church met at the home of Mrs. W. E. Nutt, Monday, May 18.

Mrs. S. A. Whitlow called the meeting to order and Mrs. Royce Smith led in prayer. After all the reports of the circle's activities during the past month were heard, the 5th chapter of the Home Mission book "The West Is Big" was presented by Mrs. John Owen. The 6th chapter was given by Mrs. A. D. Brennan.

During the social hour, the members discussed their activities for the following month. The hostess served a dessert plate with coffee to seven members.

Coming and Going
Mrs. Dorothy England of Dallas has been vacationing in Hope with her parents, Mr. and Mrs. J. C. Henry.

Mr. and Mrs. J. C. Henry had as Sunday guests, Mr. and Mrs. Lonnie Bule and children of Prescott and Mr. Emory Champion of De Kalb and Texarkana.

Hospital Notes
Branch Hospital
Discharged: Mrs. Mary Inman of Washington, Mrs. B. J. Treece, Fulton, John Flowers, Hope, Miss Judith Duggan, Hope.

Julia Chester Hospital
Admitted: Mrs. James Betts of Hope, Rt. 1, Jerry Martin, Hope, Rt. 1, Mrs. Sallie Card, Hope, Rt. 2, Mrs. B. J. Wankin, Blevins.
Discharged: O. F. Ruggles, Rt. 2, Hope.

Mr. and Mrs. James Betts of Hope, Rt. 1, announce the arrival of a son, Roger Dale 5-19-53.

What is believed to have been the world's first jet plane, flown in Italy in 1941, flew only about 200 miles an hour.

ST. LOUIS NATIONAL STOCK-YARDS, 11 (UP) — Livestock: Hogs 6,000; slow market; strong to mostly 25 higher; mostly steady; choice 180-230 lbs 24.35-24.60; most choice early 24.50-24.60; few down to 24.25; weights scarce; 150-170 lbs 2.75-2.85; 120-140 lbs 19.75-22.00; some 400 lbs down 21.75-22.5; few at 2.50; heavier sows 10.75-21.25; hogs 15.00-17.00.

Cattle 3,000; calves 1,000; moderately active demand for steers and heifers; opening sales fully steady; few good and choice 21.00-22.00; cows druggery; few deals fairly steady; bulls and vealers steady; utility and commercial bulls 14.00-15.50; cutter bulls 12.50-13.50; good and choice 18.00-25.00; few high choice and prime 26.00-27.00; utility and commercial 14.00-18.00.

NEW YORK STOCKS
NEW YORK (AP) — Airports, the new Eisenhower defense, favored, hopped ahead today in the Stock Market and encouraged a moderate rise throughout the list. The railroads were up between 1 and 2 points at the best. Other gains went to around a point with losses small and not concentrated.

NEW YORK COTTON
NEW YORK (AP) — Cotton futures displayed early steadiness today on mill buying and commission house demand. The latter was influenced by unfavorable crop news from the cotton belt, with reports of damage to cotton in Louisiana from flood waters. The futures market later turned lower on hedging and profit-taking. Switching from old crop July to deferred months was extensive.

GRAIN AND PROVISIONS
CHICAGO (AP) — The last day of trading in May contracts brought liquidation which weakened those deliveries in most grains on the Board of Trade today.

May wheat was down more than 3 cents a bushel at times, and all wheat deliveries sank to new seasonal lows. Corn also was lower.

Angry Probers

he reported had hauled red troops were owned by companies in Hong Kong.

WASHINGTON (AP) — Testimony was presented to the Senate Investigations subcommittee today that 100 British flag ships have engaged in trade with Red China in the first three and one half months of this year.

Robert Kennedy, assistant counsel of the subcommittee, who gave the testimony, also said two British-owned companies in Hong Kong transported Communist troops along the coast of China last year.

He said a ship owned by one of these firms, the Wheelock-Marden Co., also had been hired by the U. S. Mutual Security Agency (MSA) to haul foreign aid goods.

The ship that Kennedy said hauled MSA goods in February, 1952, was identified as the Charles Dickens. He said the information of the subcommittee staff was that the transportation of Communist troops by another ship of the Wheelock-Marden Co. occurred at a later date.

Kennedy's testimony brought angry outbursts from Sens. McClellan (R-Wis.) and McClellan (D-Ark.) McClellan said he wondered if the British shipping "doesn't equal the contribution the British are making as allies" in the United Nations fight against the Communists in Korea.

"Whose war is it?" demanded McClellan. "Is it a U.S. war or a U. N. war?"

McClellan, the subcommittee chairman, said trading by British vessels with Red China "more than offsets any military aid they have given us in Korea."

McClellan also exclaimed that it was "unheard of, unbelievable" that a nation whose boys were being killed in Korea would let its ships be used to carry enemy troops.

Boyle

the truth, he would find them much less informed than Americans.

"That they wouldn't tell him the truth, they would simply brain him when he came to affairs of the heart, a European would be to his own psychiatrist."

"The average European is sure he is a greater expert and a greater lover than the American. But he isn't. He doesn't know as much about either field as we do."

Cesena estimated that "perhaps 75 per cent of European women" are frustrated in love far more than in America, but don't know how to make a better adjustment as the world tends to them any way."

The European lover is supposed to be more experienced, but this is ridiculous," he remarked. "Here boys meet girls early, and the boys are more experienced."

New Floods Lick at Louisiana

BATON ROUGE, La. (AP) — Louisiana's coastal lowlands faced a new flood crisis from the Gulf of Mexico today as rising streams to the north forced 1,000 persons from their homes in a 100 million dollar flood.

While swollen bayous and rivers poured tons of water toward the Gulf, the coastal residents braced against the possibility of inundation from wind-whipped tides. Streams were higher at some points than in 1940, when high tides blew into already flooded sections and covered several coastal communities with six feet of water.

despite favorable export news. Oats were weak with corn. Soybeans were firm in early dealings, but later dipped, with the May contract leading the downward movement.

Wheat closed 3/4 to 3 cents lower, May \$2.11-2.13, corn was 1/2 to 1 1/2 cents lower, May \$1.57-1.59. Oats were 3 cents lower to 1/2 higher, May 79-72 1/2, rye was 3/4 to 1 1/2, May \$1.55, soybeans were 1/4 to 2 cents lower, May \$3.01-3.03 1/4.

Cash wheat: none. Corn: No. 1 yellow 1.64-1.64 1/4; No. 2, 1.64 1/4; No. 3, 1.62 1/2-63; No. 4, 1.60 1/2-61 1/4; No. 5, 1.60 1/2; sample grade 1.52 1/4-3 1/2. Oats: No. 1 heavy white 81 1/2-82. Barley nominal; malting 1.30-63; feed 1.00-30.

Battle Looms

Continued from Page One

dations will be sent to Congress shortly, perhaps today.

The President requested a six-month extension of the excess profits tax, now scheduled to die in exactly six weeks. And he asked Congress to repeal cuts of three billion dollars in regular corporation income taxes and excess (scale) taxes on sources of income which are scheduled to take effect automatically next March 31.

He spoke strongly against a drive in the House to cut personal income taxes 10 per cent starting July 1. He called instead for letting the 10 per cent rate cut take effect Jan. 1, as scheduled under present law.

The President offered to forego one minor tax increase. He proposed to lower social security taxes at the present rate of 1 1/2 per cent of payroll on both individuals and employers. Present laws call for a stepup to 2 per cent for both groups Jan. 1. Since social security

taxes are levied on only the first \$3,600 of income, this would benefit a worker no more than \$12 a year.

But don't American husbands take their wives for granted and aren't Europeans more romantic and gallant?

"It is the other way around," said Renzo. "In America women take men for granted. As for those little attentions that women love, the American husband probably brings more flowers to his wife in a year than the European does in a lifetime."

Well, ladies, there's the picture—the guy you're tied to may have his dapper days and his dull nights, but he's still the best bargain in the dismal male field.

Now for a peek at the other side of the coin. Renzo is billed as "The world's greatest lover."

"Most men like the women who like them," he said. "That may be lazy of them — but it is true. It is the same with me. It is always the woman who makes the choice."
